With gentle firmness and sound advice, Miss Gretchen Walz, as a counselor and teacher, has helped to mold many Vikings lives. As a counselor, she is always willing to listen to students' aspirations and then assist them to fulfill their dreams. As a teacher, she plays an active and important role in the mathematics department. Because she is a fine example of a loyal Viking, she may be found cheering and assisting the students at many Viking activities. Because of her untiring efforts in trying to make Vikings better students and citizens, we dedicate the 1960 Noroscope to Miss Gretchen Walz.

His willingness to assist a student with a problem is the most outstanding characteristic of Mr. Herman Steele. In his thirty-two years at Northern, he has served not only as a counselor and a history and economics teacher but also as an active leader of the job placement program. Through this special program, he has helped many Vikings obtain jobs throughout the city. He is also very interested in Northern activities, especially since he has a son and daughter graduating this year. With sincere appreciation to a fine teacher and advisor, is this 1960 Noroscope dedicated to Mr. Herman Steele.

Within the last thirty-two years, the Vikings have sailed on many voyages. They have built for themselves a reputation of fair play, honesty, and the will and ability to win. The students have come to love reverently and cherish an Alma Mater worthy of their praise.

The Viking ship is a symbol of the spirit of the voyage of the year 1959 to 1960. The companionship of our teachers and the intangible spirit of our halls and classrooms will linger through the years. The school spirit, which pulses life into each Viking, welcomes everyone to become a part of the great tradition that is Northern.

We'll love thee long,
Of thee we'll guard the memory."

The Northern Vikings sail from one activity into another as the year hurriedly whirls by.
Our wide sea of activities includes the Journalism Banquet (at right), the Thanksgiving Pep Assembly, the Junior Prom, Teen Club, Homecoming, and many others.
The spirit of Vikings long ago is present in our activities at Northern today.
These activities have furnished pleasant memories which we will cherish for years to come.

To a girl who took all the time. Can't think, party down, won't come, Dad ink, dad ink, best wishes Amen Michelle Goldstein '60"

Classes begin again...

"Here's 227," says Craig Koepke. "Now where's 212," ask Michele Goldstein and Bob Drop.

Mary Heddon watches, as Josie Hall receives assistance from Sandee Harrold with her locker combination.

"Back to the old grind," Gary Lindsey and Bruce Gonyea seem to be saying, as they carry books upstairs to their class.

Eckard Gollon, Kathy Martin, and Gary Lindsey compare their schedules.

And so do activities . . .

Our foreign students, Eise Anderson from Sweden, and Helga Glatz of Germany, compare their former schools with Northern.

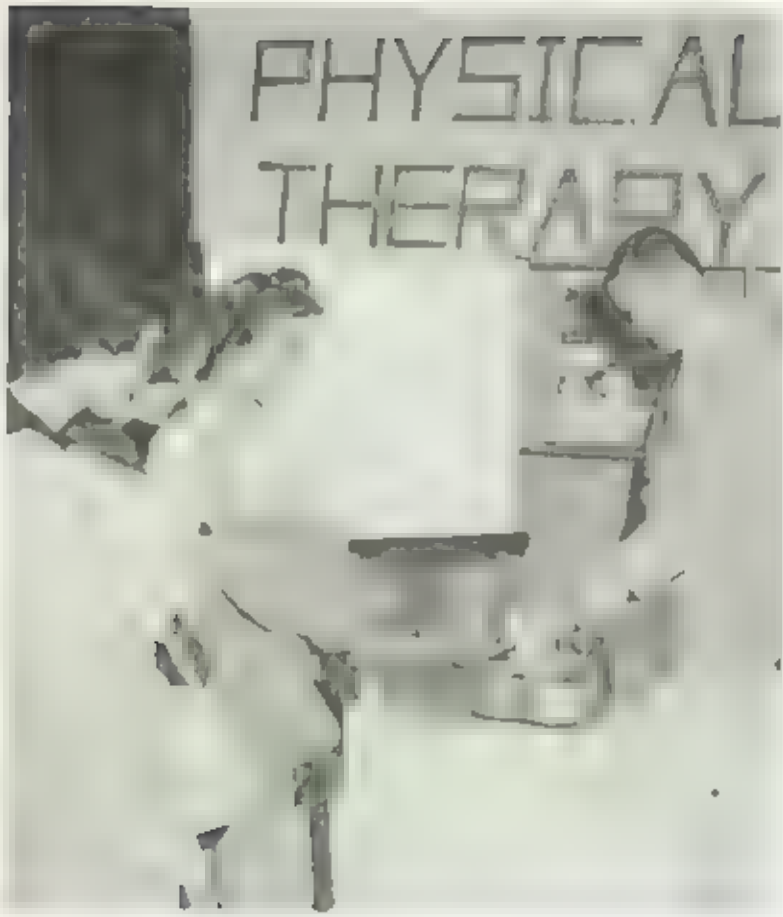

Interested Vikings eagerly pour over the first North Wind of the year.

The school echoed during the lunch hours before each game and pep assembly with the cheers from the students.

College and

College and Career Day is a day eagerly anticipated by the students here at Northern. On that special day each year, they are able to choose their classes for the day, according to their interests.

Classes are attended throughout the day by the juniors and seniors at Northern. Among them were teaching, business administration, cosmetology and many others. There were rep-

resentatives from various colleges to talk with the students and from the Armed Forces to outline their program for men of the future.

A carnival, consisting of booths explaining various types of occupations available to young people in Flint, was held at Ballenger Field House for the sophomores.

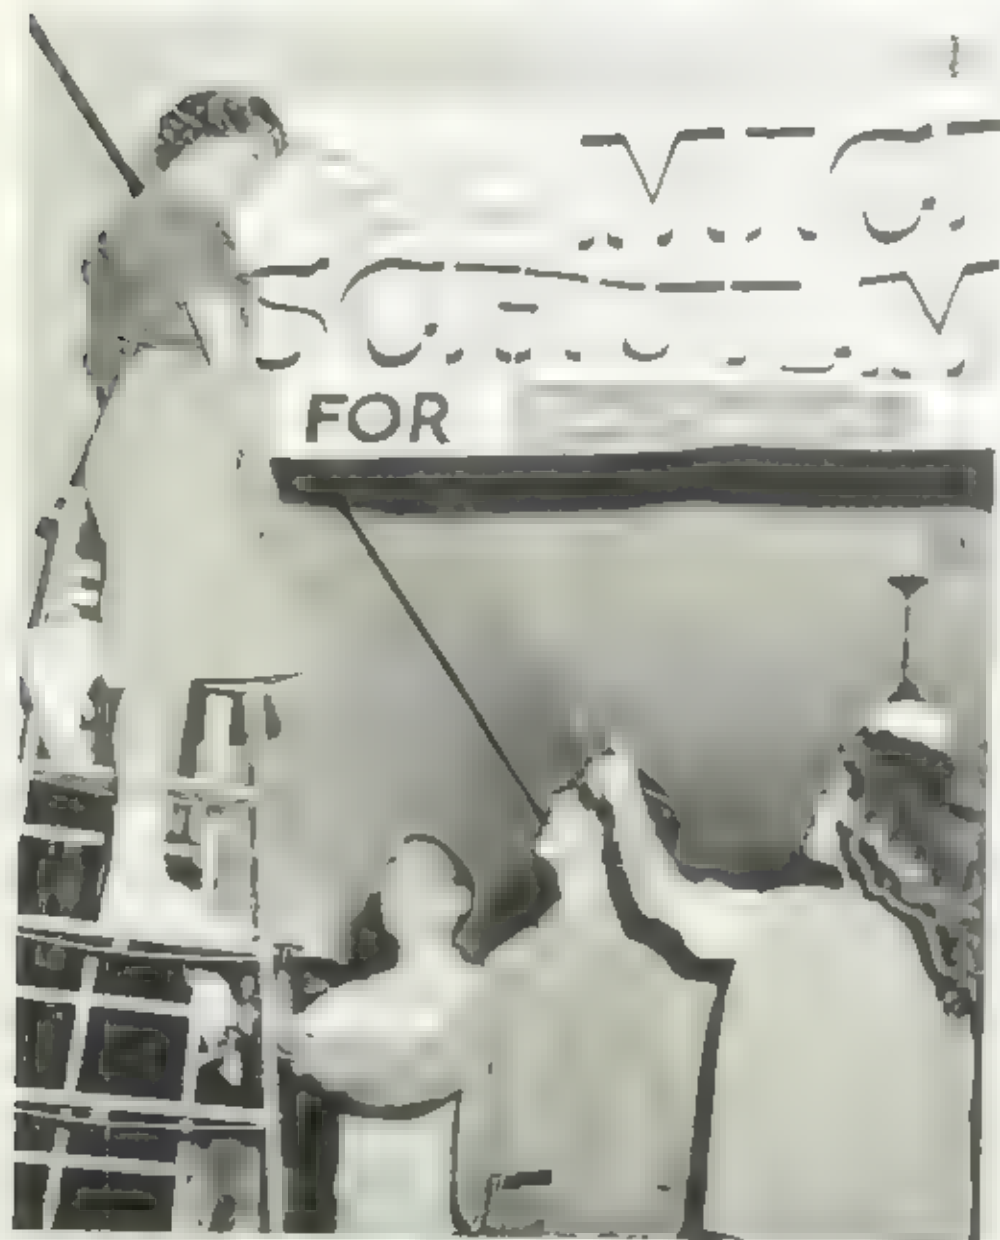

Career Day

Democracy at Northern . . .

Voting

Voting is an important activity in the life of a Viking. One day is set aside so that students may elect their officers to represent them in the coming year. Each candidate receives a petition to be signed by his classmates. When the petition has 50 signatures the campaigning begins. Many unusual banners, posters, and name tags appear everywhere. On the morning of election day campaign assemblies are held where each candidate presents his speech to his class. During the lunch hours and after school votes are cast. Results are announced the next day. This is the way in which Northern students exercise their right to vote.

Hanging a banner in a campaign for Mickey Schulmeister are Linda Smith, Dick Johnson, Mervin Goldstein and Mary Heddon.

Karen Perdue signs Mike Hansen's petition for Sophomore Class president as Richard Newton looks on.

Janet Maynard is presenting her campaign speech to the Senior Class.

Carol Long and Kathie Lanckton receive their ballots from Nancy Lee and Bonnie Donell

Our First Homecoming

Northern's first Homecoming sponsored by the student council was November 6. The Sophomore and Junior Class each picked two candidates and the Seniors picked three. Then from the three Seniors the whole school voted to elect the queen, Janice Knapp. Janice with her father as escort is pictured at left being crowned by Barry Mitchell.

She was crowned during half-time at the Northern-Arthur Hill football game. The court was seated during the game on a platform decorated with red and gray streamers. They all marched down to the 50-yard line, escorted by their fathers, for the crowning after which the band played our Alma Mater.

Janice and her court reigned at a dance after the game. The girls were dressed in pastel skirts and sweaters and wore red rose corsages.

Members of the court are pictured at the bottom: (top row) Linda Toole, Kathie Lanckton, Janice Knapp, Jo Ann Ries, and Mary Heddon; (bottom row) Diana Peters and Carole Cooper.

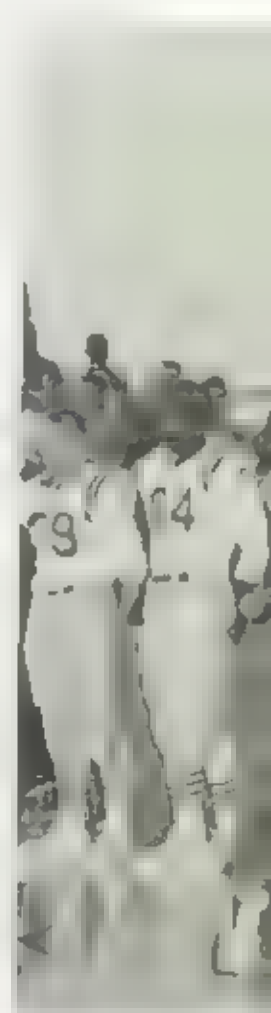

Scarlet and Gray, Fight!

Sharon Gushen is purchasing a shaker from Carolyn Robbins and Diane Shaw while an eager crowd of Vikings await their turn. The red and gray shakers were made and sold by our Journalism Department.

Student body, choir, team, cheerleaders, and speakers joined together to sing our Alma Mater, led by Mr. Bumgarner.

Speakers at the assembly were Mr. Dale Christensen, Mickey Holaly, Tom Riutta, Ken Paul, Barry Mitchell, Mr. Andy MacDonald, Al Miller, Gene Csapo, Mr. Sam Pinta, Mr. Guy Houston, Tom Pyper, and Colleen Lindsey. The players standing are the seniors of our 1959 football team.

Cheerleaders mean pep . . .

How many times have you heard cheers echo from the gym after sixth hour? These voices that you hear are Northern's cheerleaders. Many hours are spent working on new cheers and coordination in order to represent our school.

Out of approximately 100 girls, the seven Junior Varsity cheerleaders were picked by Miss Powers, Mrs. Dennis and the Varsity cheerleaders on the basis of marks, spirit, appearance, and ability. The new Junior Varsity squad made its first appearance at the Northern-Southwestern basketball game.

The cheerleaders end the year by having a cheerleaders' banquet where they are presented letters for their outstanding abilities in leading our school in cheering.

The Varsity Cheerleaders are (top row) Kay Jines, Janice Knapp, Jeanette Reed, Judy Hopkins, and Kathie Lanckton, (bottom row, Dawn McDonald, Louise Husock and Cathy Manley.

The Junior Varsity Cheerleaders are: top row, Sue Campbell and Janice Davison, (middle row) Belinda Darby and Carol Stevens, bottom row, Marty Pierce, April Neway and Kathy Martin.

Act Your Best - Look Your Best . . .

Linda Warner and Sheryl Yonan approve of Lou Ann Thomason's new hairdo.

Looking their best are: Terry McCullough, Ed Ambrose, Mike Hansen and Greg Gilman.

Tom Macksood praises Penny Frank's new outfit.

Joyce Solzman and Lorna Smith pay bashful Ben Andrus a compliment, while JoAnn Ries admires Ron Miarka's sweater.

Twilight at Waikiki . . .

Working on decorations these active juniors are hoping to make the bandstand a scene of a night in tropical Hawaii. They are Judy Krasan, Alice Lattie, Mickey Schumacher and Mervin Goldstein.

Making an is and in the middle of the dance floor proved to be great fun. Helping to make it look like an is and in Hawaii are Priscilla Prudence, Diane Shaw, and Royanne McNew.

The lei, a tradition of welcoming in Hawaii, was adapted to our prom to add a special note of cordiality. Laid out to form a lei shop they blended in perfect harmony.

After the crowning of the king and queen each couple was given a lei. Putting the leis around their necks, and singing ballads for king and queen are Gary View, Donna Strikeleather, Connie Moll, Eddie Ambrose, Dave Purdy, and Linda Schryer.

Hawaiian punch and pineapple chunks gave an hawaiian taste to the refreshments. The table decked with a white fluffed skirt and topped with a lovely center piece, was much admired that night. Talking over the prom are Alice Lottie, Gary Davey, Bill Wilson, Mike Whalen, Susan Wesighan, Judy Leiter, and Mervin Goldstein. Serving the refreshments are Linda Prouse, Janet Littell, Beverly McCombs.

Joyce Eleades, assistant editor, Sharon Newby, editor, Marie Malenich, assistant editor, are laying the paper out ready to go to press.

The North Wind Staff

The North Wind Staff is composed of many different committees who are busily working together each day of the week, compiling news of the many activities and events that are constantly taking place here at Northern throughout the year. The Vikings greatly look forward to each month's publication, finding its information enjoyable and of lasting interest.

Christine Tallman, Linda Burnham, and Sally Bolanowski, the feature writers, are making out the sales slips.

Jane VandenBent and Dora Johnson are the news editors, conferring with Sandy Shafer on an assignment.

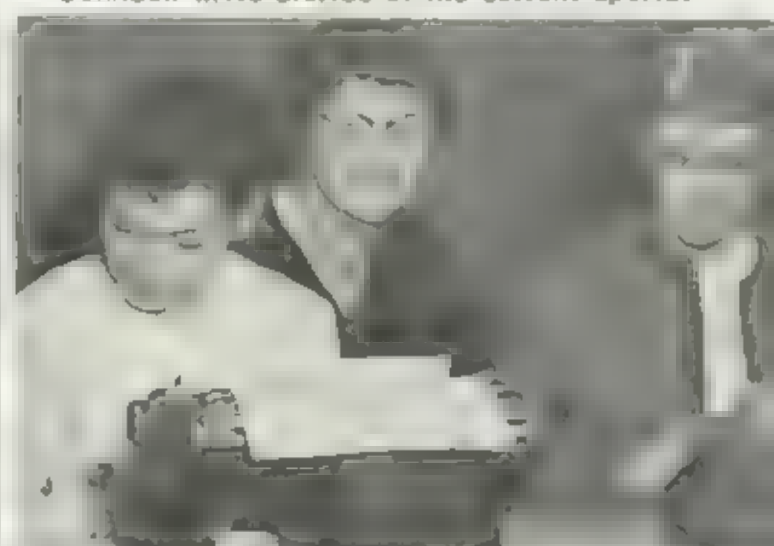

The editor and writer for The North Wind are Penny Franks, Pat Haviland, and Priscilla Prudence.

The Sports editors Mike McDougal, and Paul Johnson write stories of the current sports.

The circulation staff is in charge of exchanges with other school papers; they are Cara Bennett, Diane Ramlow, Myra Stephens. From their appearance it must be pleasant work.

Miss Dillon, our advisor, is helping the typists, Pat McKinsey and Sandra Cranston in getting the copy for the North Wind typed.

The Noroscope Staff

Checking copy, arranging pictures, writing cut-lines, stories, and planning pages are but a few of the many jobs taken on by the staff of the 1960 yearbook. These students find it a great challenge and wonderful opportunity for training. The yearbook gives the Vikings a lasting memory of the many enjoyable moments to look back on in later years.

Della Hansel, assistant editor, Calleen Lindsey, editor, Nancy Lee, assistant editor, and Luan Channels, copy editor, are checking money.

Linda Smith, copy editor, is reading copy for Linda Hill and Marsha Laing who are in charge of the Activity Section.

Undergrad Section is prepared by Joan Kiszka, Diane Shaw and Doris Monroe.

Organizations Section is Carolyn Robbins, Donna Stikeleather, Linda Marsha L.

The Faculty Section gets pictures of every teacher. This job falls to Jo Ann Ries, Mary Ann McGaffigan, Lorna Smith, Beverly Morey and Joyce Solzman.

The Senior Section which consists of Karen Ketchum, Barbara Pomeroy, Pat Chervey and Judy Niec, is working on the graduation pictures.

Keeping up with our Vikings on the Fields and courts and tracks is the job of the Sports Department, which consists of Ben Andrus, Larry Baldwin and Ron Miarka.

Fun, enjoyment and relaxation . . .

Dancing to records is an enjoyable past time at Teen Club.

Mr. William Yambrick, Community School Director, is our sponsor for Teen Club. Without him it would not be as enjoyable an evening. He is always ready to help out. You can be sure if you go to him with a problem that he will do his best to help you solve it.

A cool, refreshing night is being spent in the pool by Manley DeShong, Bill Pribble, Rodney Eaton, Bob Pribble, Marv Rettenmund, Dick Shedd and Jim Rutta.

Enjoying a game of basketball are Marv Rattenmund, Terry Rose, Francis Burton, Ken McClellan and Dewey Nixon.

An informal talk with Frank takes place between Margaret Percy, Jackie Jones, Willie Moody and Kathy MacDonald.

Wednesday is a busy evening in the Wildanger Field House, for this is the night Teen Club meets. It is sponsored by the Mott Foundation and is under the direction of Mr. William Yambrick. While we are there, we play basketball, ping-pong, swim or dance.

During one of our meetings this year, we elected an

advisory council. It consists of two sophomores (Diana Peters, Johnny Secco), one junior (Jim Riutta), and one senior (Bob Piotraczk). The officers remained from last year, who are Ameen Howrani, president; Dawn McDonald, vice president; Cathy Manley, secretary; and Janice Knapp, treasurer.

At eight o'clock all the members join with each other in the gym to take care of the club's business.

Faculty

Faculty members have many outstanding characteristics which, like the keel of the Viking ship, support the educational system at Northern. Being understanding, co-operative, and willing to help give them the respect of all students. They are developing a path which we will follow in the future and giving us a background of remarkable quality. We greatly appreciate the men and women who have given us their patience and learning.

Handwritten notes in the top right corner, including the word "Hill" and other illegible scribbles.

Our Principal

Mr. Guy Houston, our principal, is a man who has great devotion and concern for Northern High School and the student body as well. Through the years he has been looked to for guidance and leadership. He is as sturdy as the Viking ship and can be depended on always.

Our Assistant Principal

Mr. Donald Bentley, our assistant principal, is a man who gives help to the students and participates in the activities as well. He has a reputation of willingness to co-operate. We appreciate his kindly advice and capable leadership through life, in school and out.

Our Dean of Girls

To most Northern students, Miss Frances Lyon is not only known as a Dean of Women, but better as a friend and counselor. She tries to help each girl bridge the gap from adolescence to young womanhood. Her warmth and friendliness make her one of the outstanding women at Northern.

Our Dean of Boys

Mr. Stanley Zera, our Dean of Boys, has many qualities that are necessary in handling the boys at Northern. His fairness and generosity, together with that of teachers and instructors, shape the minds that will guide the future of our nation. We have great respect and esteem for a man who has given us guidance, leadership and help.

Have brush, will paint . . .

Art

Art, one of the earliest cultures of man, is a highly developed and worthwhile course at Northern. Different phases of Art education are offered here. Teaching students to express and appreciate the beauty found in the world about us, is the main objective of this class. Unless art is included in the school curriculum, a student may never learn to understand the beauty in his surrounding life.

In preparing ourselves today, for the future, Art has an increasing importance in developing the creative mind. Besides what you receive in intangible knowledge such as appreciation, you also learn to develop your talents as much as possible.

The Art Department designs all the hall banners and show cards around Northern. Miss Lucy Dillon's room had the holiday spirit with the Santa Claus picture drawn by Ronald Gruener and Fred Gebstadt.

The holiday spirit also prevails in the posters. Carol Long paints the happy holidays on one as John Gillian works on an oil portrait. Mr. James Walker helps Jerome Moore while Douglas Artheimer, Ruby Johnson and Betty Coleman work on their individual paintings.

Business in the world about us . . .

Business Education

Business Education at Northern means the classes of typing, shorthand, commercial arithmetic, calculating, law, sales and office practice. Any of these classes give the student a fundamental education useful in many vocations in the world about us, such as banking, accounting and bookkeeping, secretarial and clerical work.

A special typing class is offered. It is available to college preparatory students, teaching them the fundamentals of typing necessary for their own use.

The course of sales enables students to participate in the co-operative program. Through this, students are able to attend school one-half a day and work the remaining hours.

The faculty informs students of opportunities in their respective fields and interests.

Using checkbooks is very important in our everyday life. Here Mr. Fred Tucker shows Iona Halifield and Juanita Haraldson a checkbook as Janet Johnson and Barbara Lampshire look on in the background.

Carol Long and Salomon Jones (in the background), Carol Suski, Ken Lotz, Terry Rose (row three), Terry Kollar, Barbara Pomeroy, Gary Robinson (row two) and Karen Lehr, Norman Hatter and Marcia Cogswell (front row) prepare for Miss Margaret Eggers' speed test.

Miss Helen Rankin, shorthand instructor, shows Janet Fischer how to transcribe shorthand into typing.

Mr. James Polites, bookkeeping teacher, checks his assignments as Betty Blouvelt is busy using the adding machine.

In the co-op class, the students learn to operate various business machines. Here, Mrs. Helen Steele shows Pauline Andrews, Karen Turner and Shirley Etherly how to operate the ditto machine as Lois Lawrence uses the tabulator typewriter.

Mrs. Dorothy Bacon, typing teacher, explains how to change the ribbon in a typewriter to Lou Ellen Young.

Linda Schryer and Maxine Stocker listen as Mr. Stewart Mason, bookkeeping teacher, explains how to use a work sheet.

Mr. Ted Fisher, sales teacher, smiles his approval at the Christmas display which Carol Bachman, Leroy Miller, Joyce Bryan and Karen Goll have prepared from articles which teach them how to make displays for store windows.

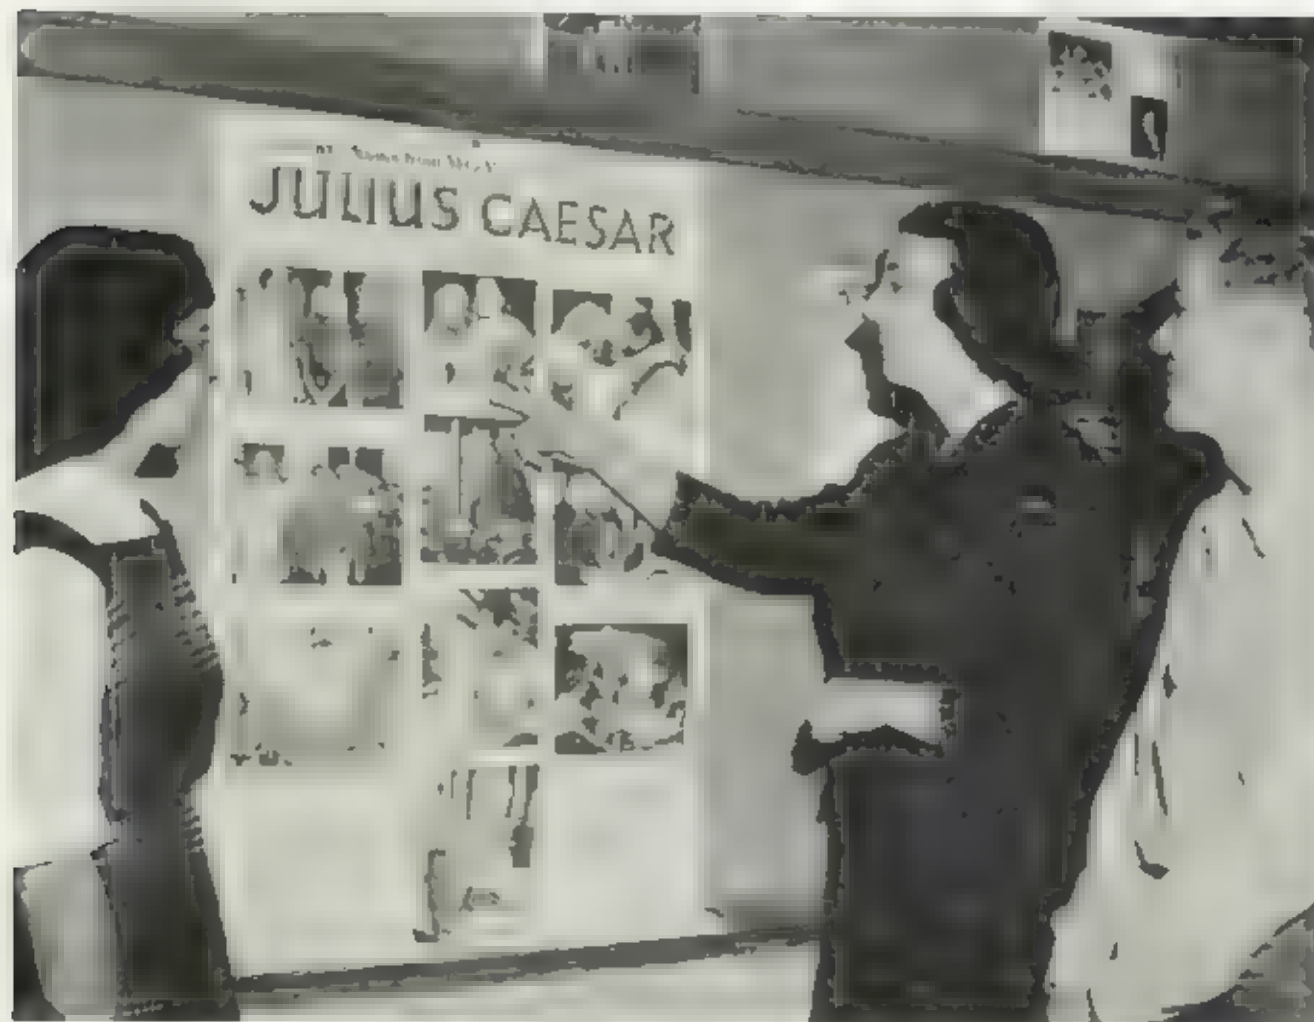

Learning our own language . . .

English

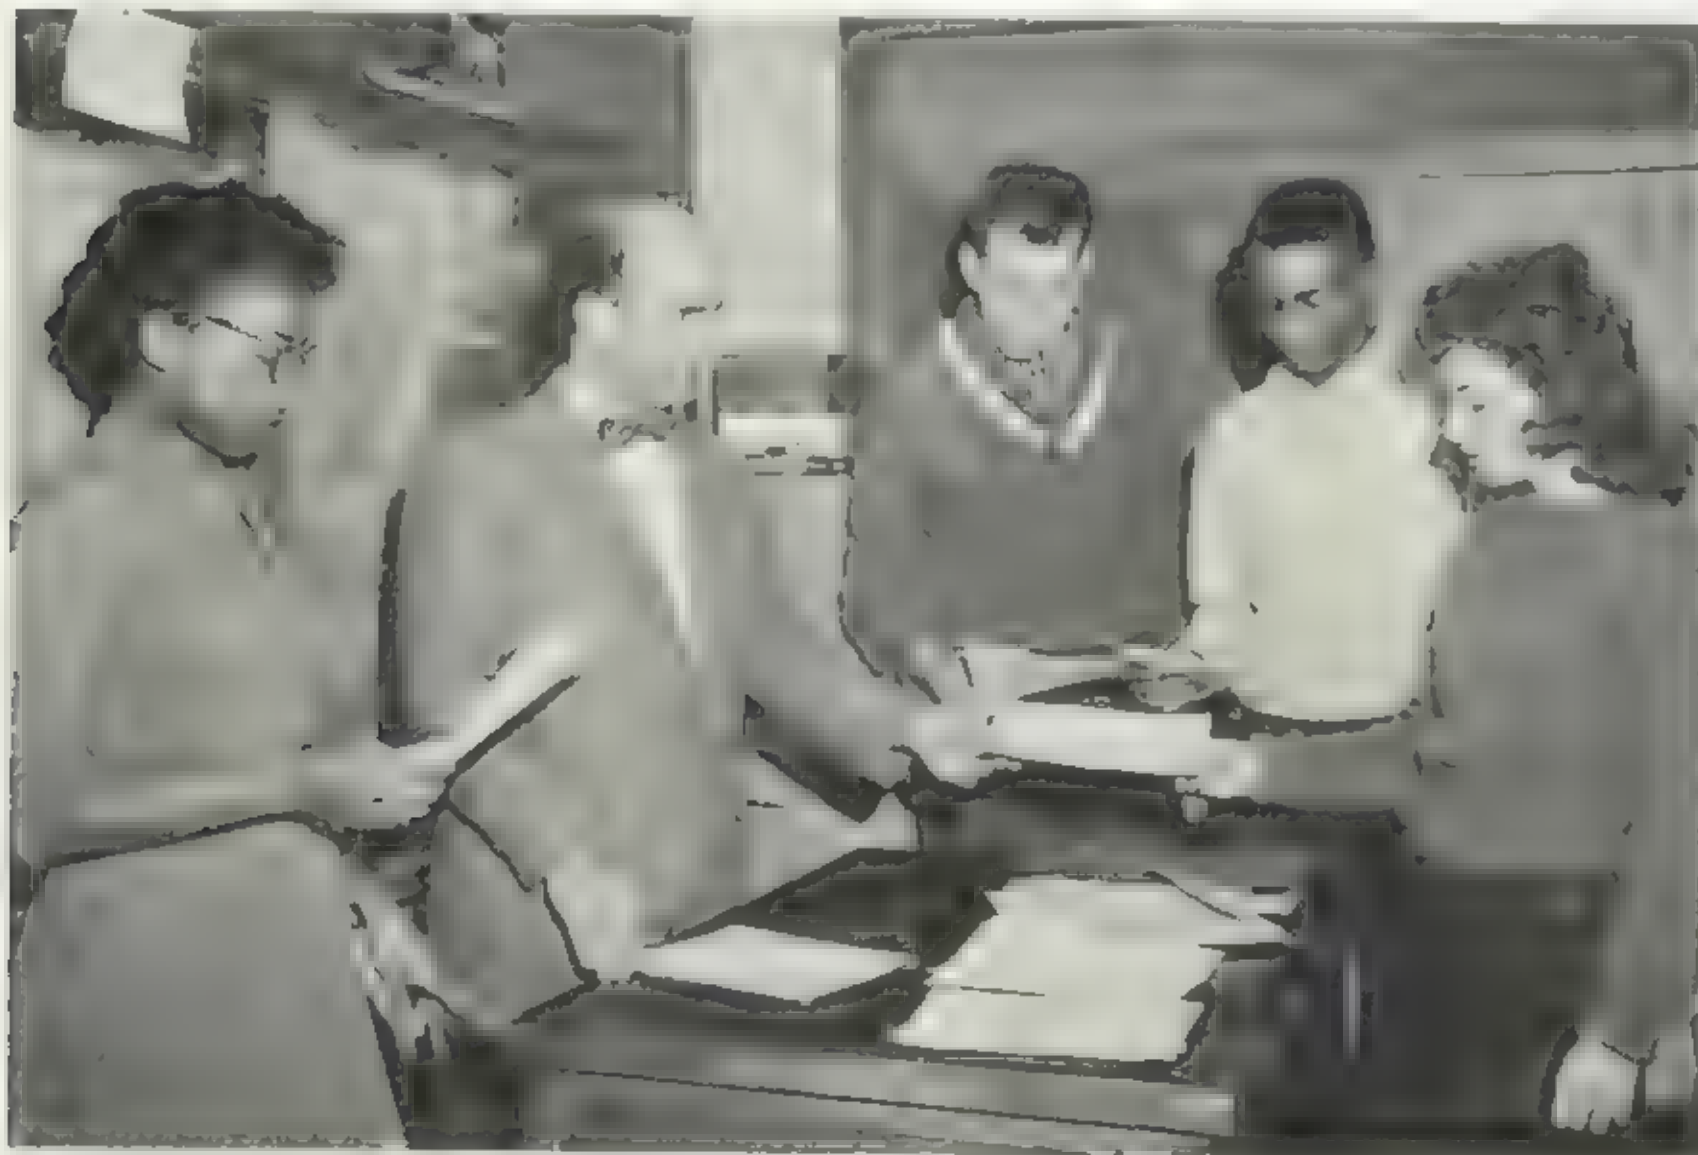

The study of the English language brings about a better understanding of people, for it is the basis of all our studies and of everything we do.

Through the study of this language we learn to communicate with others by speaking correctly. We also learn how to express our feelings and our thoughts effectively in the writing of themes and other original work.

In English classes, we learn of other people by reading novels. We learn to understand these people, their moods and their problems. This knowledge of others will be of great importance to us throughout our lives.

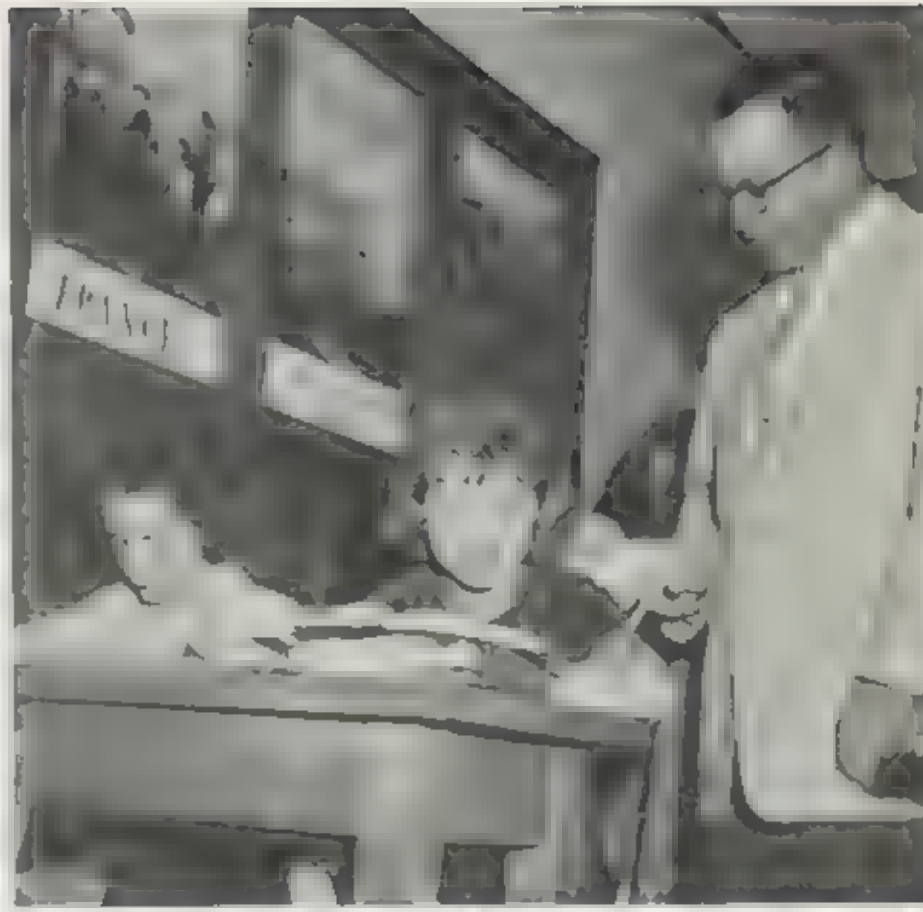

After reading about Julius Caesar in English class, Margaret Raby, William Chilcutt and Mrs. Glenora Andresen, admire a bulletin board on their subject.

Anna Howard, Randy Gibson, Gus Tabert and Sylvia Cox are anxious upon getting their papers back from Mr. Paul Mazza. The expressions on their faces indicate that they are pleased with their grades.

Mrs. Elizabeth Hurst and David Bernstein use the card catalogue as Sally Irving and Linda Marshall work on reports.

Mr. Dale Christanson explains a passage from the English book to Sue Nielson as Nila Fosta concentrates on reading.

Mrs. Magdalene Rhodes glances at the camera as Betty Dean, Dick Brewer, Marshal Pritchard, and Roger Dunn, Senior English students, busily correct the themes of fellow students. Doing this not only provides the students with experience in correcting papers, but also helps them to realize some of the mistakes made frequently in everyday English.

Mary Fras, Linda Barber, Ken Elder, Jim Curtis and Charles Ballard begin to discuss a topic of interest in Mrs. Marilyn Steele's English class. Mrs. Steele also takes part in the discussion.

Our librarians, Miss Eloise Wellock and Mrs. Electa Huss, check the index to see that everything is in order.

Rudy Terrell and Zollie Turner look on with interest, as Mr. Russell Ward explains the layout of a magazine.

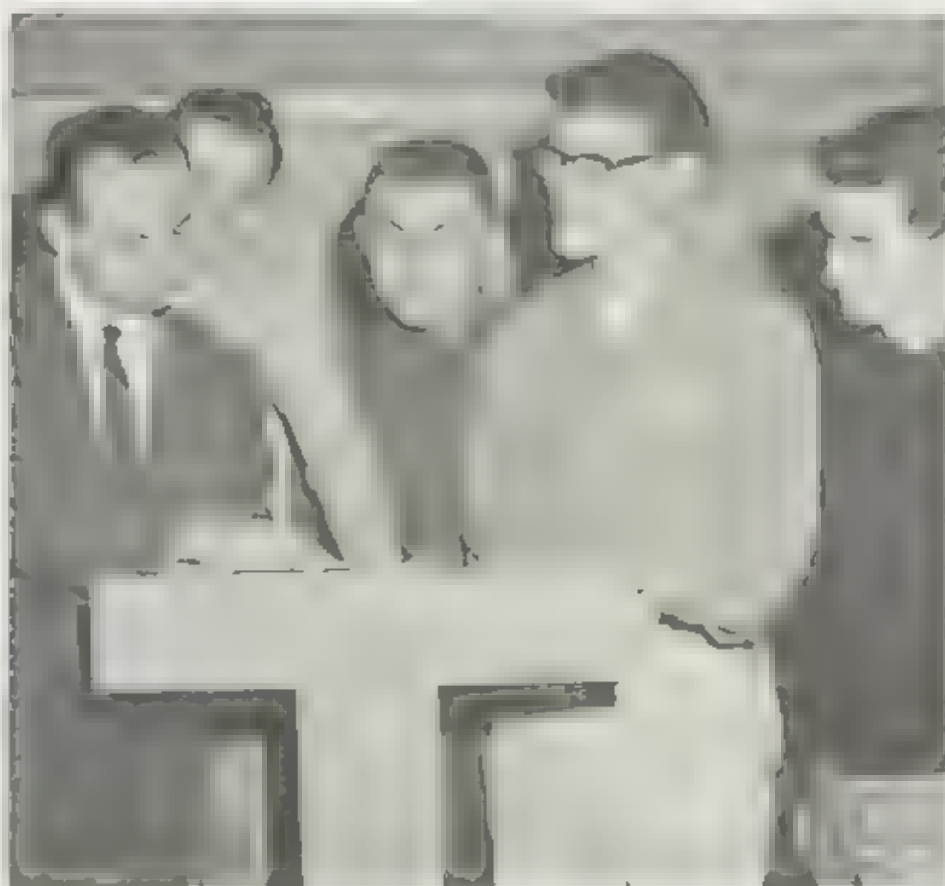

Miss Marycatherine McCarty of the radio speech department, shows Delores Skacka how to operate the tape recorder as they prepare to tape a program given by Dave McCarius and Sally Irving.

We Express Ourselves

Mr. Thomas Herron, Carol McWethy and Marilyn Clark look over the results of the ticket sale for the senior play.

Mr. Richard Heitzner, Larry Richards, Dick Perry, Harlan McGhan and Barry Mitchell look over debate material.

Our future homemakers . . .

Homemaking

The homemaking department is made up of food and clothing classes.

The girls who take food classes learn more than just how to prepare healthful and attractive meals. They also learn how to set up a budget and how to use it. Child care is another important phase of this class. Family living and how to deal with the problems which will arise in their own homes are also covered.

Through clothing classes the girls not only learn the correct method of sewing and fitting clothes, but also how to buy, repair, and clean different fabrics.

In taking these classes, the girls are developing their talents which will help them become successful homemakers.

Hems have gone up this year. Gayle Williams is measuring Karen Miller's skirt to get the exact length. Mrs. Lura Brewer watches and is ready to give help if needed.

It's time to eat! -the best part of the foods class. Miss Lois Van Ness puts the salad on the table while Ophe- ra Wright, Doris Marks, Josephine Nasa, Kathy Hicks, Juanita McAdory and Sharon G I am get ready to eat.

We develop technical skills . . .

Industrial Arts

Mr. Gene Riccelli is demonstrating to Frank Glover and Dennis Chisholm the use of a new shaper in machine shop class.

One of the most complete courses at Northern is Industrial Arts. The classes develop basic skills and knowledge the students will need in industry.

The course consists of classes in auto shop, wood shop and machine shop. In these classes the work is specialized in one field. In general shop the work combines all the classes. There is also drafting, shop math, architectural and machine drawing.

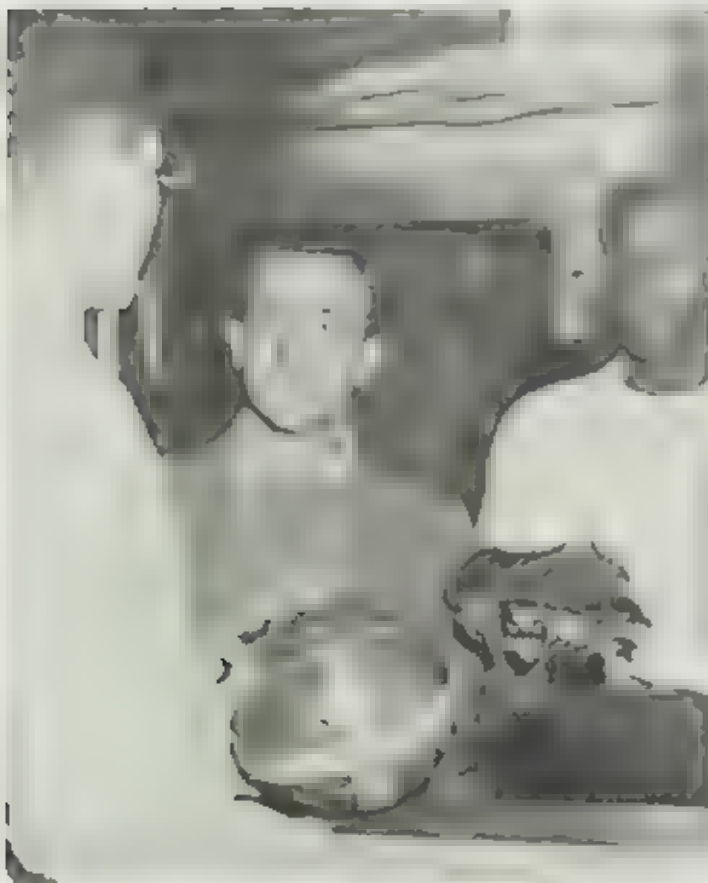

Mr. James Creamer and Charles Azelton are discussing a correction that has to be made on an architectural drawing.

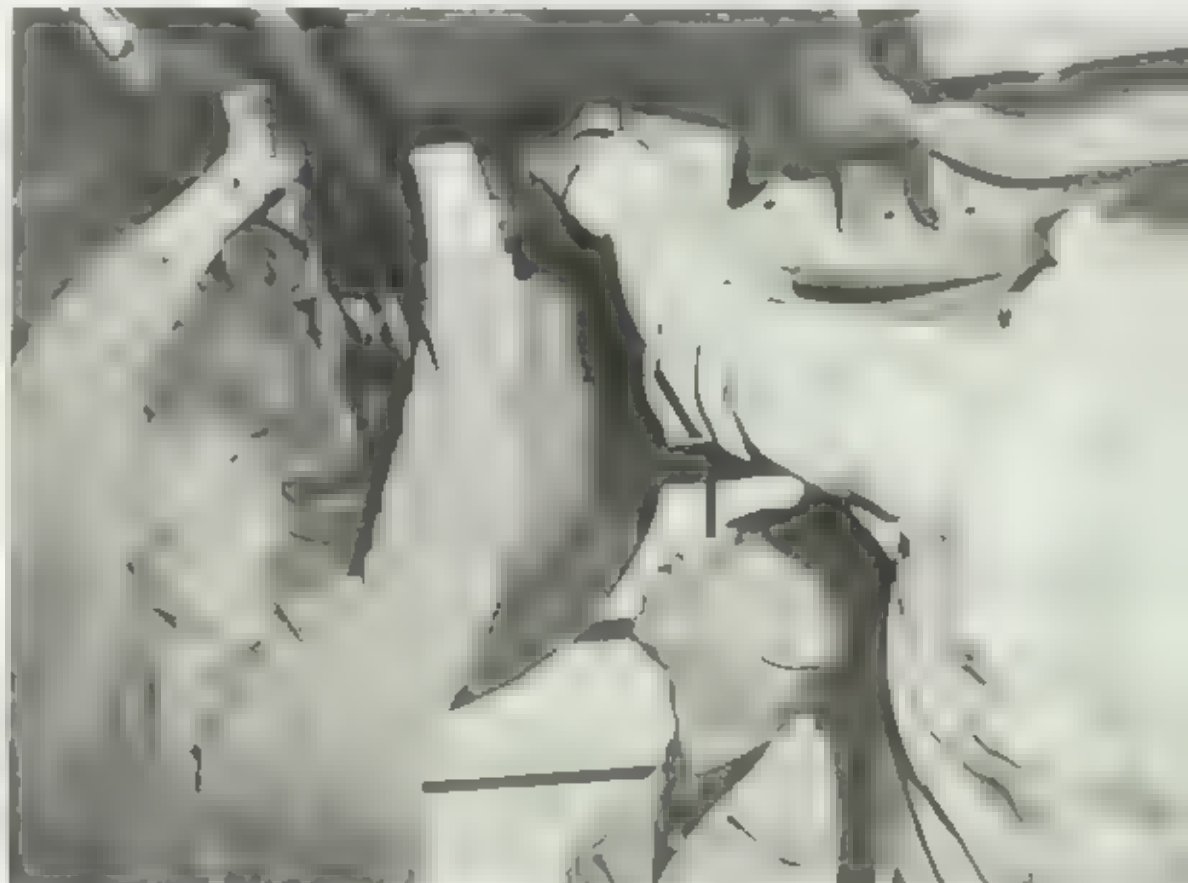

Mr. Marshall Massman is explaining to Dave Mungall another use of the draftsman's protractor.

Mr. Anthony Rasmovich is demonstrating the use of the circular saw to Willie Cox, James Blair, Raymond Hernandez, Harold Anderson, James Stevens and Jerome Moore.

Besides being a teacher in general shop, Mr. Mac Valleur has charge of the equipment. Here he and Charles Walker check out to Carl Harris.

Auto repair seems not only interesting to the boys, but also to their teachers as well. Here Mr. Edward Jones and Mr. Charles Zeilinger are helping Robert Stoutenburg check the oil leak in the car.

We converse with others

Foreign Language

To be able to converse with others in their own language is one way to strengthen international friendship.

At Northern our language classes include French, Spanish and Latin. Although Latin is no longer spoken, it is the basis of many languages and many of our English words are derived from it.

This year Spanish was added to the curriculum. Like French and Latin it is taught for two years.

In these classes students learn correct pronunciation and conversation. Students are prepared for further study in foreign languages if they choose.

While Ted Mott, Sharon Allen, and Ken Elder study, Mrs. Helen Lincoln helps Jeanne Whitt with a question on translating a Latin story.

Sidewalk cafes at Northern? Well, at least in French class. Joyce Forbes and Miss Phyllis MacKlem check the menu for rare delicacies, while Herb Marshall patiently waits for Craig Koepke to take the order of Gena Lewis.

Mathematics— An aid in every field . . .

From the smile on May Be Golden's face, the answer Mrs. Helen Clark has corrected must be right.

With a helping smile, Mr. Jack Mariette checks the work of Edward Johnson in basic math.

Throughout our lives the skills we develop in mathematics will be useful. The abilities to solve arithmetical problems and reason will be used in our daily lives in almost any profession.

At Northern the mathematics department offers many courses

to students. For students on a college preparatory curriculum, algebra, geometry and trigonometry are offered. Basic, personal and business math are available for those on a general or business course.

Principles of geometry are more easily understood when they are put in displays. Miss Bertha Zenzen is explaining the solution to a problem by this method to Emily White, Ann Cutler, Trudy Ingalls, Dennis Blodin, and Dennis Root.

Dave Purdy has a question on a problem in personal math and Mr. Thomas Lee is explaining the correct way to solve it.

Sometimes it seems there just isn't a principle in geometry that can be used to solve a problem, because Earl Fisher had that trouble. Mr. Burton Jackson explains the correct procedure.

Correcting tests is an important part of trigonometry class. Jeanne Witt is answering a question Miss Gretchen Walz has on her correction. Waiting to have theirs corrected are Larry Ervin, Larry Richards Diane Mayer.

Music

hath

charms . . .

Music is the one international language which started long before man knew how to read or write. Northern expresses this language through its vocal departments of choir and glee clubs and instrumentally through the orchestra and bands.

During the year these groups perform for holiday concerts, regional and state contests, and as entertainment throughout the city.

Through the constant efforts of these departments music is enjoyed by those who wish to continue with music as a career or just to increase their knowledge of music as a hobby.

"Stop the music. Trouble in the orchestra pit," calls Mr. Allen Walters, director, as he examines the problem of the unstrung cello. Judy Overholt faces this situation while David Bower wonders about the delay.

William Norton and Dennis Gore try to give helpful advice to James Elston, the smallest member of our choir. Mr. Roy Bumgarner wonders if a gown is made small enough to fit him.

Alertness through health . . .

An alert mind is one result of a strong and healthy body. To attain this healthy body, Northern offers many special types of physical education. Baseball, basketball, football, softball, swimming, track and wrestling are offered for the boys besides the regular gym class. The girls' extra program is synchronized swimming while such activities as badminton, softball, square dancing and volleyball are offered during the class. Participation and good sportsmanship help to make a better individual.

Mr. Bill Adams gives Richard Mitchell some pointers during practice shots. As Richard keeps a sharp eye on the basket, Mr. Fred Crawford prepares to help Dan Lindsey and Laverne Jones, next in line.

Mrs. Marjorie Dennis gives a steadying hand to Janice Davison as she practices her head stand. Miss Betty Powers gives a smile of approval while Jill Smith, Mary Heddon, Michele Shulmeister and Judy Lester watch in amazement.

Science - A Challenge for tomorrow . . .

Mr. Francis Bentley points out to Jim Massey and Craig Nourse in his chemistry class that this experiment of double displacement reactions will not go toward completion unless a precipitate formed.

Today the field of science is a challenge to the youth throughout the world. With the advancement of space through rockets and missiles, and the improvement of health by conquering disease, this category is open to those who wish to work for the betterment of mankind.

Through science, we learn to study, reason and accept known facts that help make up our lives and the world around us.

Those students interested in science will find various courses of study offered at Northern to aid their interests and also to prepare them for the future.

Arthur Dupont, Vaughn Koester, Rodney Brawn and John Boylan face the problem of determining the force needed to pull the weight to the top of the incline plane. Mr. Roy Scheick checks with the boys to see if they have found the answer.

Mr. Harold Cochran finds dissecting the frog just as enjoyable as his students do. While he explains a few instructions to Elizabeth McMurray and Linda Warner, Tom Richards and Gregory Pierce are hard at work.

Mr. Charles Pennock illustrates to his biology students (Tom Sizemore, Marilyn Lewis, Dawn Dominy, James Ruppel, Marcia Bacon, Joe Joseph, Carol Weisberger, Sue Bauder, and Joyce Forbes) the proper way to dissect the earth worm.

Mr. Norbert Badar demonstrates to his physiology class, with the help of Robert Barrett, the use of the blood pressure machine. Waiting for the reading results are Marcia Parry, Myrtle Price, Sharon Whitmire and Delores Skolicka.

Carol Zimmer shows the modern science class how the oscil oscope wil react to sound waves. Dennis Wilcox adjusts the machine so the ight pattern wil be more vis ble. While Mr. Ronald Hauglie waits for the results, George Jones and Kathy MacDonald wait their turn.

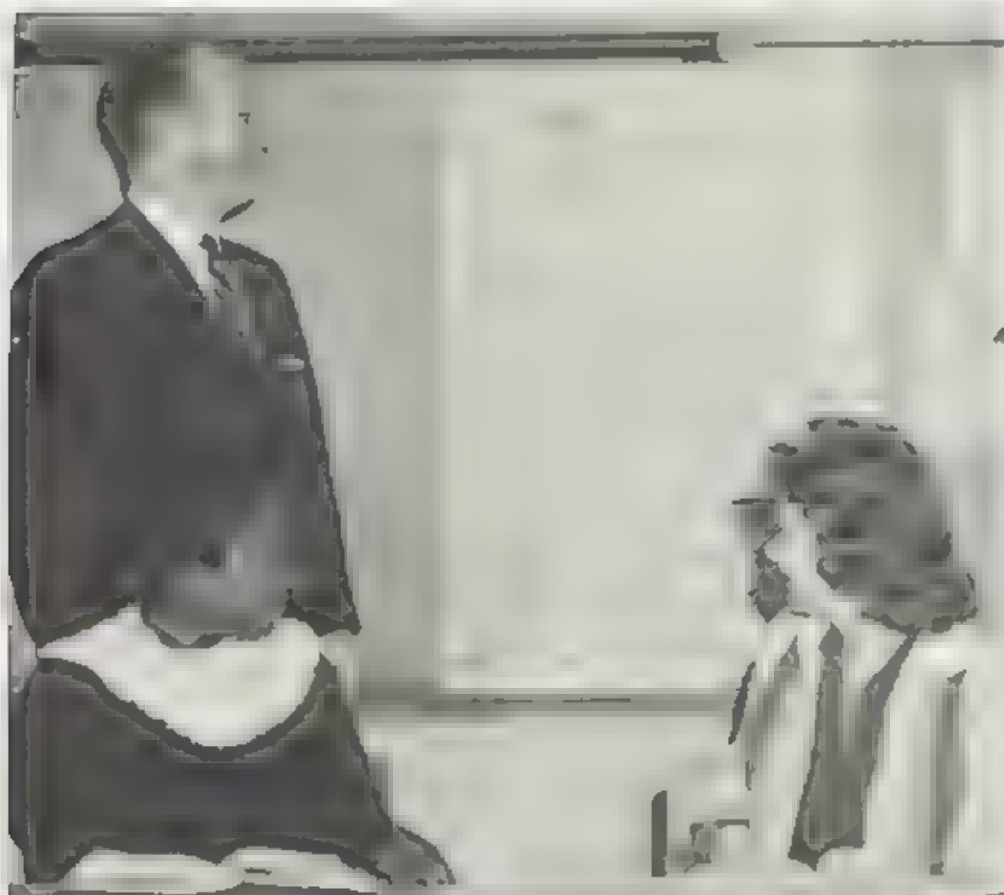

Mr. David McCall, a new member to Northern's faculty, listens while Betty Hall explains and demonstrates the Crookes' tube which was first used in the discovery of electrons. Dave Stebbins checks for the green electron beam which is attracted by the magnet.

An aid to all . . .

Mrs. Virginia Rodgers, our school nurse, has the duty of giving each student an eye examination. We can rely on her assistance, continuous effort and patience along with helpful advice, when it is needed.

The world and its people . . .

Mr. John Garber finds charts a great help in his history class. Ledora Byrd and Carol Card find the topic of "Sectional Interests Before The Civil War" interesting.

Mr. Edward Krupa illustrates on his Civics chart titled "Citizenship For Democracy" the growth of communications.

Social Studies are very important and necessary. Through these classes we learn not only about our own country but also about the history of other countries. This knowledge of ourselves and other nations gives us a better understanding of the problems and triumphs which have prevailed and which

face the world today.

With the help of our able teachers these Social Studies classes are made more enjoyable. They also are more clearly understood through the many projects, reports, and term papers assigned.

Books, books, and more books. They are the main source of information and are in frequent use in this United States History class. Bonnie Donel, Craig Parr, and Florence Koenig have selected the ones they wish to use. Carol Bachman looks on with Mrs. Gladys Westcott as Dora Johnson writes down some data, and Larve L. Buchanan finds the book he prefers.

Mr. John Muhvic glances at Morton Maizlish's paper as Donna Stikeleather looks over her work. William Wilson seems to be distracted by the cameraman for a moment; Cathine Dougan seems to be amused by something she has written.

As John Adams and Carol Kendall locate a point of interest on their maps, Mrs. Ordella Gould directs Don Symons' attention to another interesting site.

The stock market seems to be the main interest in Mr. Herman Steele's class these days. The pamphlets in discussion seem to intrigue Byron Baxter, Charles McNeely, John Schmidt and Ruby Reddick.

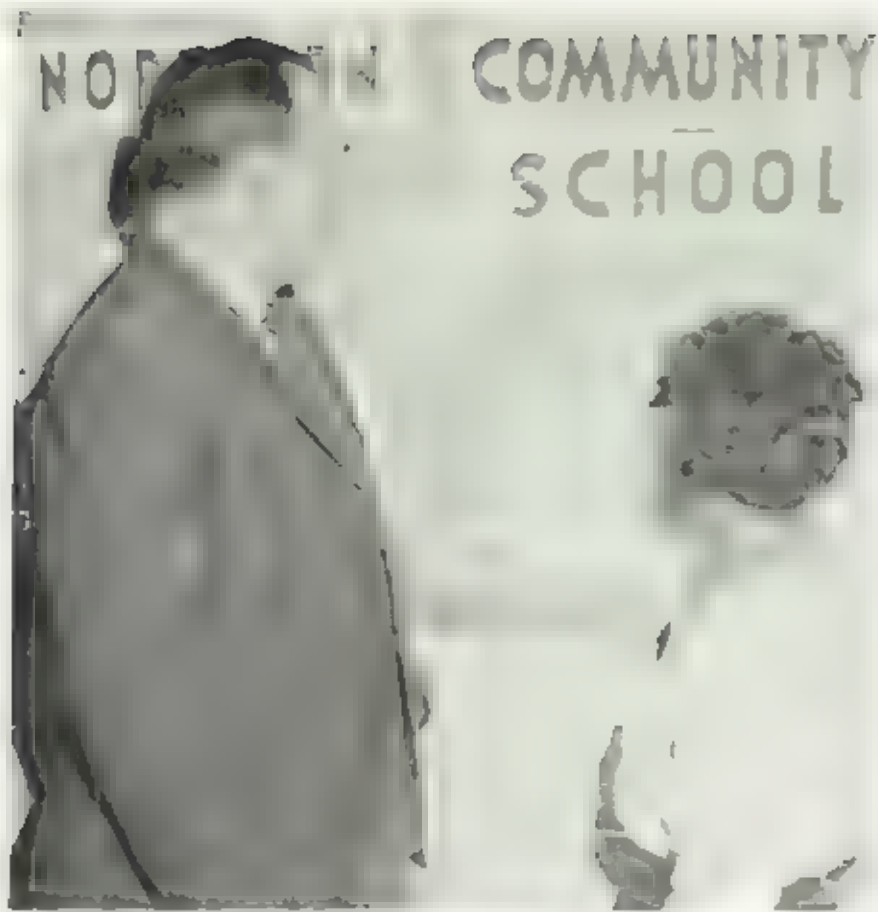

Ted Cragar and Diane Barryman are intent on reading, as Mr. Herbert Rhoads tells Earl Fisher about a phase in Early European History.

Harold Severance looks up from his history magazine to see what site Mr. Clare Dean is pointing to with his pencil.

Our cafeteria staff, which includes Mrs. Z. James, Mrs. M. Eckerdt, Mrs. P. Boyoff, Mrs. K. G. Dean, Mrs. M. Backwell, Mrs. J. Cremi, Mrs. V. Andrews and Mrs. Vera Sinnott Manager, not only prepare excellent, nutritious meals, but also keep our kitchen neat and clean. Here they take time out from their busy schedule to pose for this picture.

Mr. William Yambriek, Community School Director for Northern, looks on as Pearl Burkett points to one of the many announcements of activities which are offered through our school.

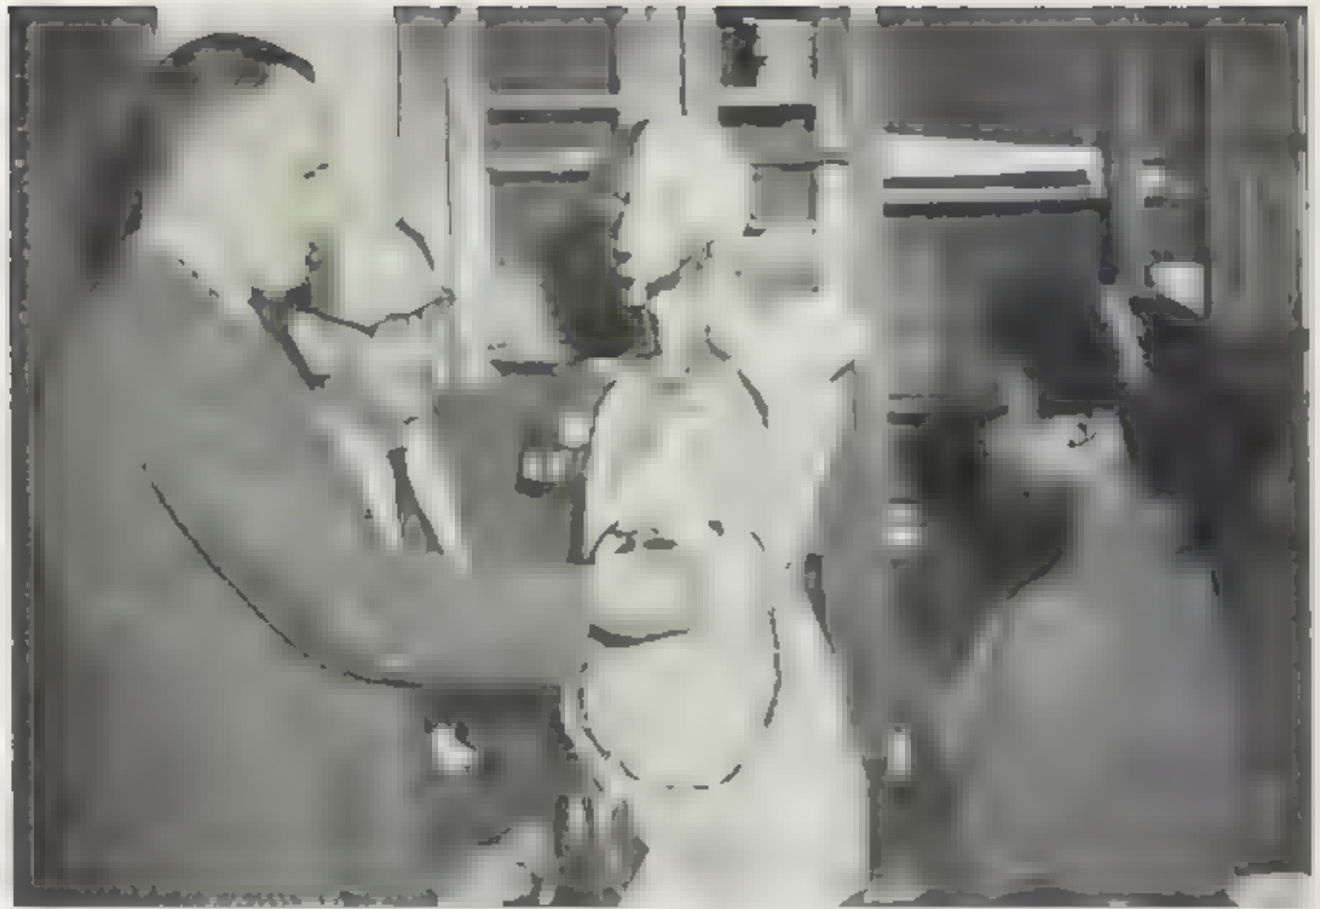

Miss Grace McIedge and Mr. Joseph Sventko, counselors for Special Education, look over material used for the following day's activities.

The main office is a ways busy giving out information useful to the students and faculty of Northern. Here Sharon Anderson, Mrs. Thelma Austin (head secretary), Charlotte Sagarsee, Phyllis Davis, Helen Eaton and Miss Juanita McKinnon (financial secretary) are working intently at their various jobs.

Personal Security Education

Mr. Andy McDonald and Mr. Merton Vincent show Mimmie Jones parts of the human stomach in Security Education class, and they also tell of the interesting way in which it functions.

Special Security Education and Driver Training is an interchanging program where Driver Training is taught during a six week period and Special Security Education is taught the rest of the semester.

Security Education is a class consisting of anatomy, first aid, civil defense and other subjects of value to high school

students. Driver Training is a subject where one day the students go to the range and the other day they attend classes here at Northern. In these classes students are lectured on the dangers of a car under the guidance of a reckless driver. This class is a necessity for any teenager under the age of 18 if they wish to acquire an operator's license.

Driver Training

Mr. Andrew Corsi and Mr. Stuart Willett concentrate on the driver training students. Through this tower in which they are sitting, which was recently built, they are able to view the entire range and direct each driver.

Seniors

How many of you remember this night?
The sophomore dance was the beginning of
our voyage at Northern.

Although we had some difficulties in
charting our course our voyage has been
successful.

Football games, pep assemblies, dances,
and the final moment at graduation remain
prominent in our memories.

Now as these things are coming to an
end the seniors set forth on a new voyage
into the future.

Snowball Fights

Another day begins for these five seniors. Frank Glover holds the door for Dora Johnson while Larry Ervin, Roger Dunn, and Marie Pintar wait.

Boys playing jacks? What won't the seniors think of next to amuse themselves during the winter months.

Taking advantage of the snow before it melts are Barbara Pameroy, Ron Miarka, Dennie Gore, Tom Jenkins, and Tony Smith.

Senior Picnic time again! Pat Cherveny and Gary Lightfoot carry the picnic basket, while Dawn McDonald and Bruce Vick take charge of the baseball equipment.

Will it be a single or an out? Bonnie Pattinson scurries to first base while Chuck Koch scrambles for the ball. Catcher Tom Pyper eagerly watches with Dora Johnson, Linda Marshal, and Stu Washburn cheering Bonnie on.

Harlan P. McGhan and James L. Nichols were semi-finalists in the National Merit Scholarship Test. These boys outscored more than half a million other students in the nation for the right to compete for scholarships sponsored by 100 business and industrial organizations, professional societies, foundations, individuals and the National Merit Scholarship Corporation.

Remember the fun we had . . .

Our senior year was filled with many memories that we will treasure forever. Remember the way we added to our class treasury by selling pins in the shape of an "N"? The cheering during the lunch hours before each game and pep assembly? The

parade before the Thanksgiving Game led by the light blue, 1923 Dodge? The locker clean-out twice each semester? These are just a few of the many things that happened during our senior year which helped to make it our wonderful year.

Caps and Gowns—A dream come true ...

The long awaited caps and gowns are ready! Jean Rutter and Tom Pyper are among the first to receive their graduation attire.

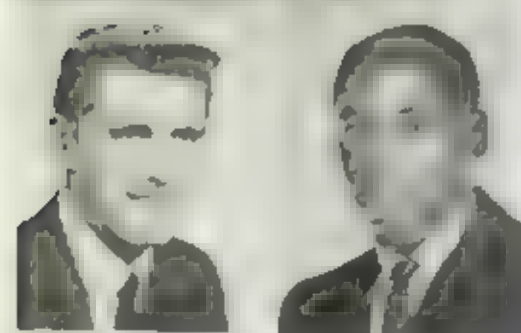

Your tassels are crooked! Andriana Stamos and Karen Gowney help Roy Jeffes and Bill Schultis straighten their caps before going into the Honors Assembly.

The night of the Honors Assembly has finally arrived! Jerry Wright helps JoAnn Ries out of the car while Nancy Johnston and Harvey Sanders excitedly discuss the coming evening with Sharon Gushen and Stu Washburn.

Arranging park benches and lamps to give the foyer a Central Park atmosphere are Jim Yeagley, Della Hansel, Sue Papadich, Betty Hall and Barbara Morrison.

Senior Party-

A replica of Central Park greeted guests at the Senior Couple Dance held on January 28, 1960 in Wildanger Field House. As they entered Club 60, alias the gym, they heard the strains of the Bob Dumont Sextet filling the gym.

In Central Park were authentic park benches, lamp posts and refreshments vendors. The far end of Club 60 consisted of a terrace overlooking the night skyline of Manhattan.

A scene of a boy and girl walking through Central Park was the background scene for the foyer. Busily putting finishing touches on it are Helga Glatz, Barbara Morrison, Kathy Fisher, Gary Lightfoot, Gary Veenhuis and Craig Parr.

Dancing on the terrace of Club 60 are Sharon Newby, Tom Taunt, Jeanette Reed, Ray Metcalf, Elsie Anderson, Craig Parr, Marilyn Clark, Joe Lockard, Sharon Gushen, Dick Perry, Judy Niece and Roger Dunn.

A Night in Manhattan . . .

During intermission, a stroll through Central Park enabled Regia Parham, Roscoe Roberts, David Grant, Melissa Foster, Bill Shultis, Delores La Bean, Diane Mater and Carl Lesser to stop for refreshments.

Taking time out from a pleasant evening of dancing, Helga Gatz, Keith Steele, Gloria Fan, James Yeagley, Doris Monroe and Willie Junior find the conversation delightful.

Junior Class Play

"Onions in the stew" is a comedy involving the dating problems of a teenage girl who has too many boy friends at one time.

Most girls who live on an island have the problem of not enough boy friends—but not Anne, who had two at the same time. But the hand of fate stepped in and Roger won out.

Certain time will be in a few minutes and the girls are busily helping each other with last-minute touches (middle picture).

Laura Haines looks as if she is having fun arranging Janet Maynard's hair. By the expression on Janet's face, it looks as if she is too nervous to enjoy it.

Sue Wiggins is really applying the eye-shadow. She wants to make herself up as Lesley, the Southern belle, whom she portrays in the play.

Bonnie Pattinson tries to be pleasant as she introduces her beaux, Tom Taunt and Dick Perry (bottom picture).

Barry Mitchell, Jean Thomson and Sharon Newby are interested in what the outcome will be. Mother (Sharon Whitmire) and father (Jack Novotny) are standing by in case of trouble.

Senior Class Play

"Jane Eyre" is a story about a young girl, who came to Thornfield Hall as a governess. She falls in love with Mr. Rochester, the owner of Thornfield

(Middle) The attention seems to be focused on Zita (Joyce Solsman), as she looks into the future of Jane Eyre (Emily White). Adele Varens (Kathy Lanckton), is very surprised at what Zita is telling her governess. Lady Mary (Helen Harrington), and Lady Blanche (Janet Maynard), are listening carefully. Dr. Carter (Wisdom Pittman), seems to be a little puzzled.

(Bottom left) Zita (Phyllis Gaines), knows what lies ahead in the future. Jone Eyre (Jean Thompson), is very anxious to find out what the future holds. Mr. Rochester (Tom Taunt), stands by eagerly, to hear what the gypsy really knows.

(Bottom right). It looks as if Bertha (Janie Richmond), is trying to strangle Lady Mary (Rebecca Harris). Grace Poole (Martha Goldstein), is holding Bertha's arm in case of trouble. Lady Mary and Sir Wilfred (Keith Steele), are interested in what Adele Varens (Betty Hall), is saying.

Moon Mist . . .

Looking forward to an evening of dancing and fun are Karen Lehr, Gary Locke, Karen Glowney and Ken Lotz.

"Moon Mist," our senior dinner dance, was held May 21, 1960. The dance followed a dinner held in our school cafeteria at which the class will and prophecy were read.

Seniors worked on the prom for six weeks in order to transform the Field House into a beautiful southern garden where the wishing well was the center of interest. Many of the girls helped to carry out the theme by wearing long, beautiful ball gowns. "Moon Mist" was truly a night to remember.

"What a beautiful corsage!" He an Harrington, Colleen Lindsey and Janet Fisher admire Cathy Manley's corsage, while Kathy Lonckton fastens it. Kay Jines straightens Janice Knapp's bow.

Waiting for their dates are Dick Perry, Craig

A night to remember . . .

Bonnie Pattinson, Tom Pyper, and Judy Hopkins and Bob Piotraczk pose to have their picture taken during intermission.

Parr, Charles Percy, Dave McCarius and Tom Pyper.

The last dance together at the Senior Prom is enjoyed by Delores La Bean, Bill Shultis, Betty Hall, Fred Grass, Judy Hopkins and Bob Piotraczk.

Organizations

The Viking ship needs interest to keep it active as a school needs interests to maintain its school spirit. The Vikings of Northern High School keep their student body enthusiastic through organizations.

Those who share in her activities also develop leadership and good citizenship. Working together in organizations is not only educational but enjoyable. Through continued interests and abilities students accomplish much. There is harmony among the students as they work together making friends and discovering new capacities.

Northern's Busy

Finance Committee

Finance Committee members going over a report of the finances are Mary Lou Duffield (chairman), Willie Moody, Barry Mitchell (Student Council President), and Mr. Don Bentley (Student Council sponsor). The purpose of this committee is to receive, consider and report on proposed ideas related to the finances of the Student Union. They also prepare a budget for the year and supervise all council-sponsored polls and election.

Miscellaneous Committee

Carrying on a discussion for the approval of a radio club at Northern are Betty Hall, Linda Toole (chairman), and Diane Shaw. Other duties of the Miscellaneous Committee are to approve the qualifications of Student Council officers, representatives and class officers, to take care of the Statute Book and the Constitutions of all school organizations; and to consider, report, and originate bills not related to other commissions.

Athletic and Arts Committee

JoAnne Stinson, Judy Krasen, Tom Pyper, and Connie Moll are the members of the Athletics and Arts Committee. The duties of the committee include athletics, music, graphic arts, journalism speech, and similar school activities. It is headed by the appointed chairman, Tom Pyper, who sees that the duties are carried out. They work hard throughout the year to make pep assemblies and similar activities successful.

Publicity Committee

Discussing the announcement of a Student Council meeting that will be put over the public address system are Joyce Eleades (North Wind representative), Bonnie Donell (chairman), and Sharon McCrary. Always included in this committee are a member of the North Wind Staff and the Student Council recording secretary who acts as the chairman. Besides broadcasting, the Publicity Committee also cares for the Student Council bulletin boards and approves all school advertising.

Student Council

Activity Committee

Members of the Activities Committee are Helga Glatz and Barbara Pomeroy. The appointed chairman is Mervin Goldstein. The main duty of the committee is to take charge of all Student Council sponsored activities, not specifically given to other committees. This year the commission took charge of the decoration of the Christmas tree in Wildanger Field House. Here the commission is discussing plans for this project.

Social Committee

The Social Committee is headed by Nancy Lee, who is also the corresponding secretary. Others on this committee are Eileen Parnes, Peggy McMurray, and Janice Knapp. This year they had charge of planning a homecoming event, a Red and Grey Day, and other class activities. This committee has the responsibility of originating all bills which pertain to Student Union social affairs.

Traffic Safety Committee

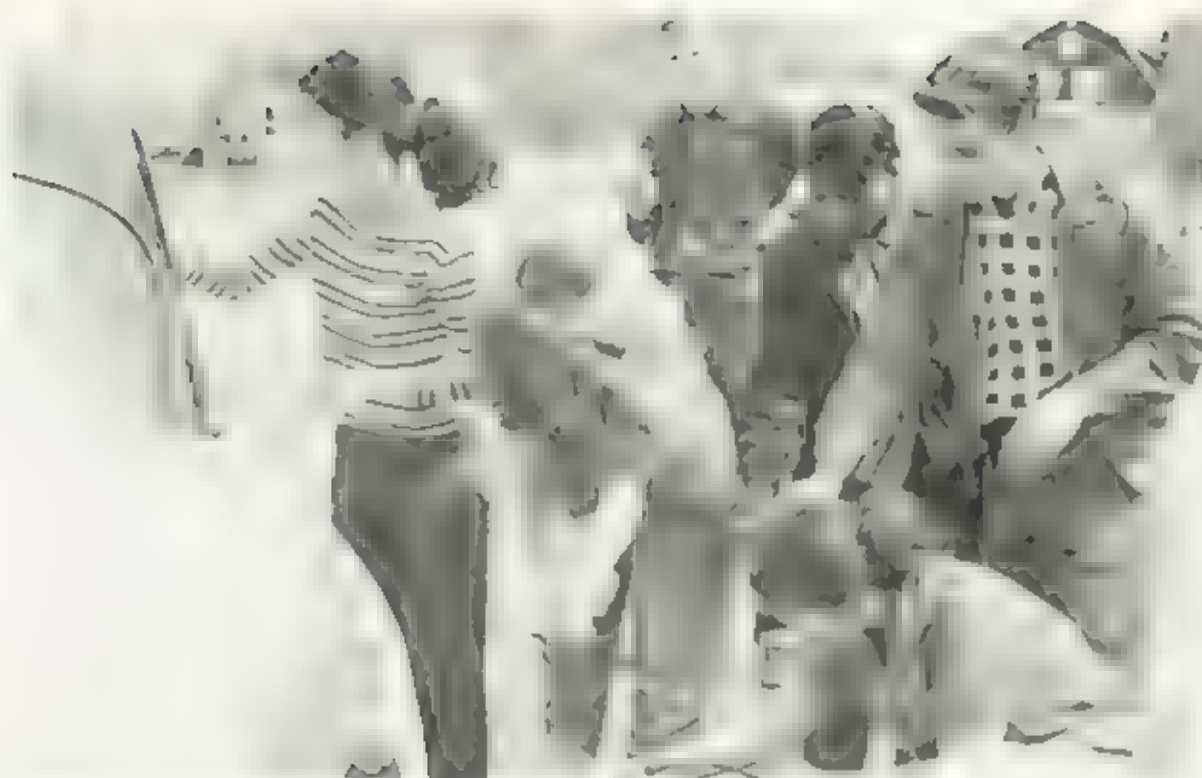

The traffic safety and parking situation is being discussed by Janice Severin, Mike Hansen (chairman), and Carol Weisberger, members of the Traffic Safety Committee. The main problem that the committee faces is how it can improve the traffic safety around the school area. This is for the benefit of the students at Northern as well as those at Garfield. Parking is also a problem that faces the committee.

Public Relations Committee

Carrying on diplomatic relations with the other high schools in this area is an important function of the Public Relations Committee. Alice Lattie, Dick Perry (senior class president and chairman), and Mary Stubbs are shown discussing some of the business of this committee which include the promotion of the exchange of Student Council presidents between Northern and Central each year.

Participating in the car wash for initiation are these busy members. Watching Andriana Stomas at work is Kirt Nichols (supervisor), Joyce Eleades is holding the hose while Kay Steele, Elverta Kindell, and Barry Mitchell patiently wait.

Sigma Chi Lambda

Sigma Chi Lambda is Northern's branch of the National Honor Society. The Students are asked to join because of their high standings in leadership and citizenship as well as in scholastic accomplishment.

This year, as a project to raise money, the students held a candy and cookie sale. Part of the other activities is the formal invitation for the new members. In the spring a breakfast is held for all the members.

Students have a right to feel pride at being asked to be a part of Sigma Chi Lambda.

The old members of Sigma Chi Lambda are back row, Delia Hansel, Kaye Steele, Martha Maszczak, Marilyn Clark, Yvonne Clement, Karen Ketchem, Kothie Ketchem, Tom Pyper, Jerry Wright, Norman Hatter, Barry Mitchell, Judy Hopkins, Kay Jines (front row) Corleen Lindsey, Nancy Lee, Andriana Stomas, Jane Vadenbelt, Mrs. Glenora Andresen (sponsor), Joyce Eleades, Dora Johnson, Diane Maier and JoAnn Ries.

Looking forward to a future in nursing . . .

"Is there a doctor in the house?" No, but there is a group of girls known as Future Nurses. They are in the process of learning and becoming tomorrow's women in white. They gain experience by working in hospitals during their junior and senior year.

Initiation consists of bowing to a superior. Following this ritual are Linda Smith and Carolyn Robbins. Their superiors are Norma Snyder and Christine Tallman.

The new uniforms for hospital duty are shown by Miss Rankin and Mrs. Rogers (sponsors), to Barb Pomeroy, Mary Ann McGaffigan and Beverly Morey.

Stepping Stones

Mrs. Edna Carlson, house mother, at the club house points out a Bible passage for Barbara Anthony, Nancy Howard, Rita Weber, and Anna Howard.

The Stepping Stone program is designed to teach girls the high standards which are necessary to make them quality women for tomorrow. For two weeks each year the club is in residence at Hamady House, a luxurious residence donated to this Mott Foundation program by Mr. Michael Hamady 15 years ago. At Hamady House the girls learn character betterment, the proper method of setting a table,

serving for formal and informal meals and social etiquette for living. The club house has a swimming pool for use in the summer and provisions for other entertainment.

The club officers this year are: president, Diane McAndrew; vice-president, Barbara Anthony; recording secretary, Dawn Dominy, and attendance secretary, Paulette Dover; the leader, Mrs. Veva Armitage.

Our Debaters

After four valley tournaments are held, a winner is decided by a point system, which gives first team debates two points, and second and third team debates one point. Valley Standings for 1959-60 follow: Pontiac Central - 49; Flint Central - 47; Flint Northern - 43; Arthur Hill - 33; Bay City - 12; and Saginaw Eastern - 7.

Future Teachers of tomorrow . . .

Every year the Future Teachers plan a worthy project. This year they planned to make puppets for the show, 'Three Billy Goats Gruff' to be used by Durant-Turui-Mott Class for the blind.

Many of their members are cadet teachers. These girls take classes at other schools and observe the techniques of the teachers. In this way they find out what grade will interest them most when they are out of college and ready to teach.

The officers of Future Teachers are: Cathy Gonder, vice president; Joyce Salzman, secretary; Mrs. Hurst, club sponsor; and Andriana Stamos, president. They are discussing the agenda for the next meeting.

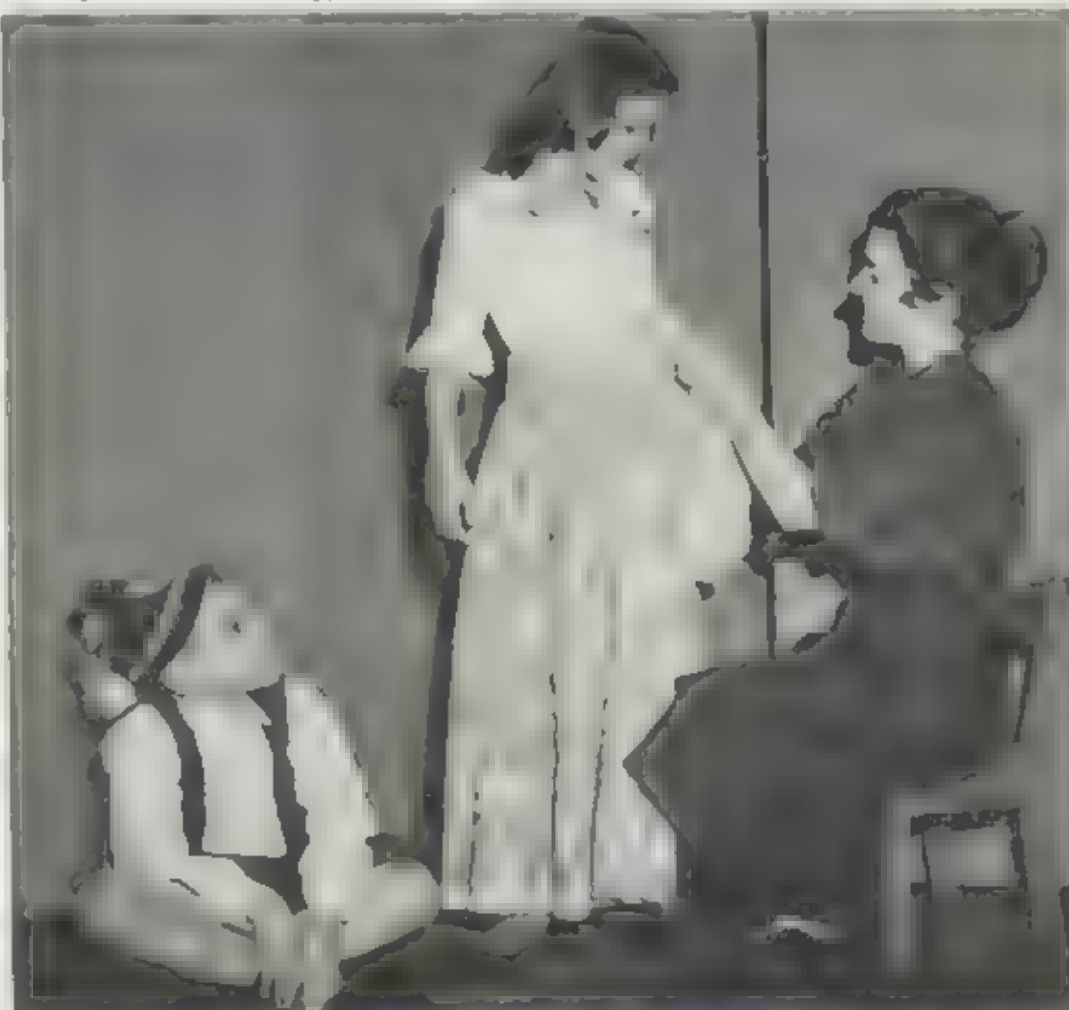

Examining the fur to be used on the puppets for the Durant-Turui-Mott Classes are Eileen Parnes, Bonnie Donnell, Kathy Fisher, Della Honsel, Pat Domine and Myra Stephens.

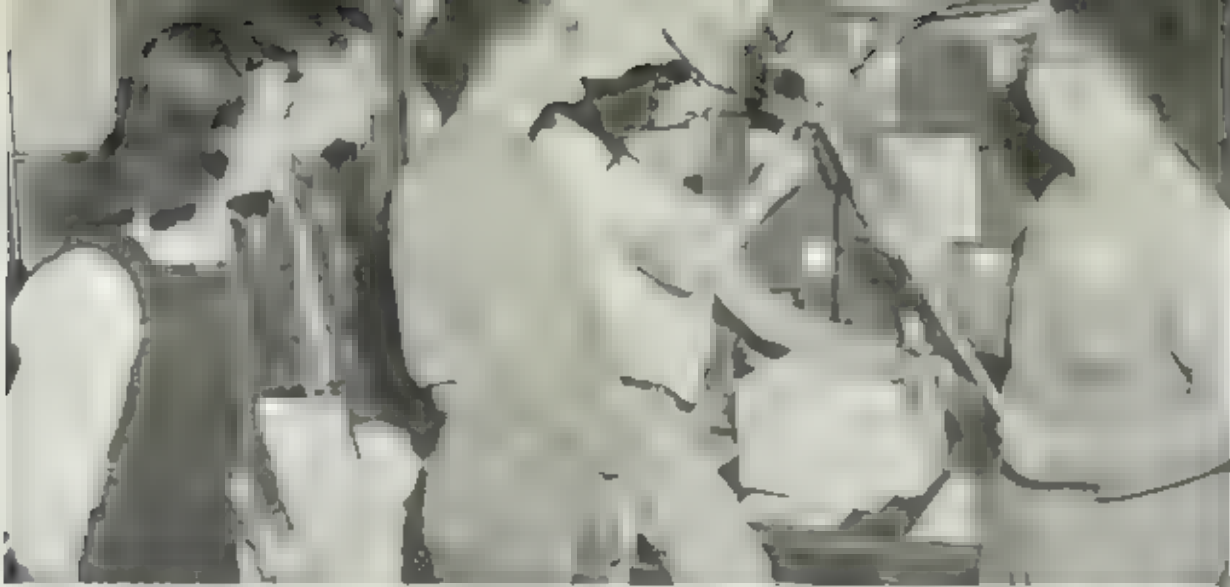

Preparing a bulletin board of the week's events are Nancy Lee, Kaye Steele, Sharon McGary, Karen Ketchum and Kathie Ketchum.

Cadet teacher, Pat Cherveny, is handing out Valentines to Sherry Ward and John Morgan at the first Grade Garfield class party.

Hi-Y

Our Hi-Y club conducts the T. B. drive, makes Christmas posters, ushers at assemblies, plays the Hi-Y vs. Faculty games, and participates in the Hi-Y tournament. The club is affiliated with the Y.M.C.A. and accepts the purpose of the Hi-Y fellowship, which is "To create, maintain, and extend throughout the school and community, high standards of Christian character." The boys must maintain a "C" average and be of good character in order to join. The club is made up of eighteen members. The officers are: Gary Lightfoot, Chuck Koch, and Bruce Vick.

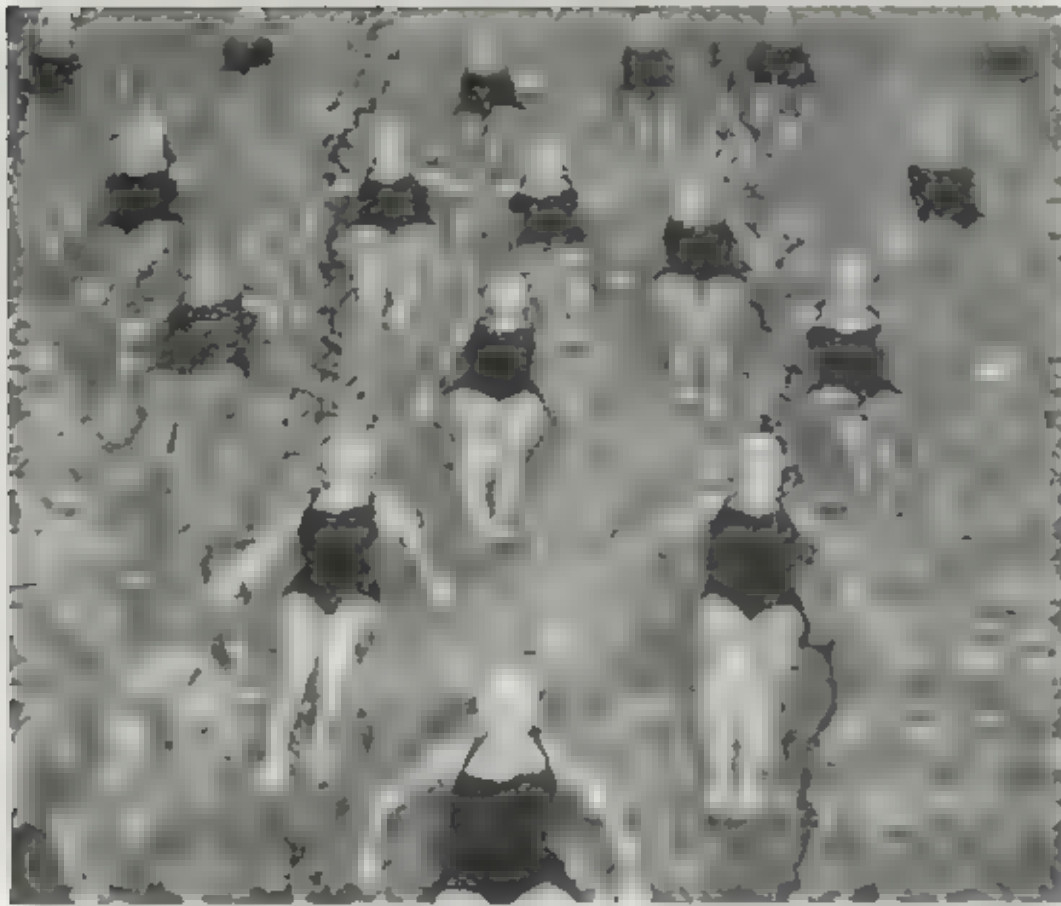

(top) Sam Hall, Dewey Nixon, and Dick Pemberton display the posters entitled, "Christmas is Christ's Birthday," made each year by the Hi-Y. They are distributed to local merchants.

Girls' Swimming

Cathy Manley

Synchronized Swimming is a class for expert swimmers. The girls are interested in learning stunts, and swimming skills necessary for portraying different rhythms and moods in the water. It is comparable to modern dance, but in a different medium. The class is supplementary to the physical education program in order to give the more talented girls a challenge.

The Synchronized Swimming Club presented its first full length show for the public this year. This show involved a minimum of 100 hours of work. The students wrote and directed their own numbers. There was a wide variety of music used to prevent monotony, and a wide variety of students and combination of swimming strokes.

The members of the Synchronized Swimming Club are (top row) Linda Rogers, Sandy Ruddle, Kathie Lanckton, Cathy Manley, Janice Knapp, Gail Kribs, Genda Shaft, Michelle Godstien, Judy Sentura, (middle row) Sue Campbell, Jackie Jones, Dawn McDonald, Carol Long, Cathy Dougan, Delores LaBean, Roberta Silver, (bottom row) Pat Morrissett, Janice Davison, Josie Hall, Gail Williams, Penny Tegart, Sandy Harris, Connie Hoskey, Dawn Dominy, Rita Bauer.

Undergraduates

The undergrads possess a great deal of the spirit at Northern this year. They love being a part of her activities, sharing in her triumphs, and accepting her defeats with the determination to improve.

The framework of the Viking ship is formed by the undergrads. Without their support Northern would not be able to carry on her famous tradition of good sportsmanship.

During their first two years at Northern they begin on the road to their future careers, guided by their counselors and teachers. They do their best to help keep her great.

Athletics

Good sportsmanship along with fine ideals is the banner of the good Viking Ship. Throughout the years Northern's have been high ranking and honored teams in the Saginaw Valley. The purpose of sports at Northern is to build physical fitness and character in her athletes.

Successful in many contests, Northern has upheld its rich tradition of sportsmanship and clean play, and has improved its sports program in variety and caliber.

Cross Country

The co-captains of this year's Cross Country Varsity Team are Levi March and Larry Ervin.

Head Coach Norbert Badar

Northern's 1959 Varsity Cross-Country Squad finished the season with an excellent record of five wins and one loss. The Vikings were also City Champions and Valley Runners-up, narrowly missing the crown by one point.

Coach Badar feels that the 59 squad is among Northern's all time best. "It was without question the hardest working team, with the fewest complaints of any squad that I have ever coached," commented Coach Badar.

The Cross Country Reserve Team also had a very good season. Having lost two out of their first three meets, the reserve team went on to take the Valley Championship, with a record of six wins and two losses.

Bob Chunn and Don Keely were elected Co-Captains for the 1960 squad.

Excellent condition, a pair of strong legs, and the "Nth" degree of endurance are only a few of the necessary requirements for a top performing cross country team.

Listening to coach Badar are the members of the Varsity Cross Country Team: Larry Ervin, Chuck Swartz, Fred Gross, Donald Keely, Benny Cooper, Jerome Moore and Levi March.

Looking back over our past voyage of the year 1959-1960, we recall not only the home work and worrisome tests, but the special events which happened to each one of us in gaining new friends and participating in school activities and sports.

Through many gales, our Viking ship has sailed, but has returned each June more successful than before. Although this memorable voyage is ended, our ship like the ship of old, is now being prepared to set sail again for the thirty-third time in the fall of 1960.

'you who come again should happy be.'

A song we'll sing to Northern High,
Our Alma Mater dear.
For thy fair name and glorious fame,
We'll praise thee far and near.
Oh, may thy sons and daughters all,
Ne'er let the scarlet-gray to fall.
But as it floats o'er storied hall,
Beam brighter year by year.
Oh, Alma Mater, true to you,
We swear that we shall always be.
We've loved thee well, we'll love thee long.
Of thee we'll guard the memory.
